

Application for 1-d-1 (Open-Space) Agricultural Use Appraisal

Appraisal District's Name

Phone (area code and number)

Address, City, State, ZIP Code

GENERAL INFORMATION: Texas Constitution, Article VIII, Section 1-d-1, and Tax Code, Chapter 23, Subchapter D, provide for appraisal of open-space land. The Comptroller's Manual for the Appraisal of Agricultural Land on the Comptroller's website provides information regarding applying for special appraisal, qualification requirements and additional taxes and penalties created by a changes of land use. Local appraisal district staff can answer questions regarding these matters.

FILING INSTRUCTIONS: This application and all supporting documentation must be filed with the appraisal district office in each county in which the property is located so that the chief appraiser is able to determine whether the statutory qualifications have been met. Do not file this document with the Texas Comptroller of Public Accounts. A directory with contact information for appraisal district offices may be found on the Comptroller's website.

APPLICATION DEADLINES: The completed application must be filed with the chief appraiser before May 1 of the year for which agricultural appraisal is requested. If the application is approved, a new application is not required in later years unless the land ownership changes, eligibility ends or the chief appraiser requests a new application.

A late application may be filed up to midnight the day before the appraisal review board approves appraisal records for the year, which usually occurs in July. If a late application is approved, a penalty will be applied in an amount equal to 10 percent of the difference between the amount of tax imposed on the property and the amount that would be imposed if the property were taxed at market value.

DUTY TO NOTIFY AND PENALTIES: The property owner must notify the chief appraiser no later than the April 30 following the change in use or eligibility. A change of land use for all or part of the property will trigger substantial additional tax plus interest (a rollback tax). Payment of a penalty may also be required for failure to notify the chief appraiser of a change in agricultural use or qualification. Notice must be delivered to the chief appraiser if:

- the property stops being used for agriculture (e.g., voluntarily stopped farming);
- category of land use changes (e.g., from dry cropland to irrigated cropland);
- level of use changes (e.g., a substantial increase or decrease the number of cattle raised);
- nature of use changes (e.g., a switch from growing corn to growing ornamental plants);
- property owner enters, leaves or changes governmental programs (e.g., 100 acres placed in a conservation reserve program); or
- the land is used for something other than agriculture (e.g., to build a shopping center on most of the land).

DUTY TO NOTIFY FOR CERTAIN LANDOWNERS: If land ceases to be devoted principally to agricultural use to the degree of intensity generally accepted in the area, open-space appraisal may be retained if the chief appraiser is notified as required and the property owner:

- is a member of the armed services who is deployed or stationed outside of Texas who intends to return the land to the manner and to the degree of intensity that is generally accepted in the area not later than the 180th day after being deployed or stationed outside this state ceases.
- owns land that has previously been under open-space appraisal primarily based on its citrus production; the land is located in a pest management zone; and an agreement was executed to destroy, remove or treat all the citrus trees located on the land that are or could become infested with pests with one of the following: Texas Citrus Pest and Disease Management Corporation, Inc., the Texas Commissioner of Agriculture or the U.S. Department of Agriculture.

OTHER IMPORTANT INFORMATION

If the initial application form does not contain all essential information, the chief appraiser may request additional information that is necessary to determine whether the land qualifies for 1-d-1 appraisal. The chief appraiser may disapprove the application and request additional information. The chief appraiser may deny the application and that determination may be protested to the county appraisal review board in a timely manner. If the chief appraiser requests additional information from an applicant, the information must be furnished within 30 days after the date of the request, or the application is denied. For good cause shown, the chief appraiser may extend the deadline for furnishing the information by written order for a single 15 day period.

State the year for which agricultural use appraisal is sought.

Tax Year

Did the applicant own the property that is the subject of this application on Jan. 1 of the tax year? Yes No

SECTION 1: Property Owner/Applicant

The applicant is the following type of property owner:

- Individual Partnership Corporation Other (specify):

Name of Property Owner Driver's License, Personal I.D. Certificate Social Security Number or Federal Tax I.D. Number*

Provide date of birth if property owner is an individual (Failure to provide date of birth does not affect eligibility for special appraisal.) Date of Birth

Physical Address, City, State, ZIP Code

Primary Phone Number (area code and number) Email Address**

Mailing Address of Property Owner (if different from the physical address provided above):

Mailing Address, City, State, ZIP Code

SECTION 2: Authorized Representative

If you are an individual property owner filing this application on your own behalf, skip to section 3; all other applicants are required to complete section 2.

Please indicate the basis for your authority to represent the property owner in filing this application:

- Officer of the company General Partner of the company Attorney for property owner Agent for tax matters appointed under Tax Code Section 1.111 with completed and signed Form 50-162 Other and explain basis:

Provide the following information for the individual with the legal authority to act for the property owner in this matter:

Name of Authorized Representative Driver's License, Personal I.D. Certificate or Social Security Number*

Title of Authorized Representative Primary Phone Number (area code and number) Email Address**

Mailing Address, City, State, ZIP Code

SECTION 3: Property Description

Provide the descriptive information requested below for the property that is the subject of this application or attach last year's tax statement, notice of appraised value or other correspondence identifying the property.

Appraisal District Account Number (if known) Number of Acres (subject to this application)

Legal description, abstract numbers, field numbers and/or plat numbers:

Large empty box for legal description, abstract numbers, field numbers and/or plat numbers.

SECTION 4: Property Information

Select the appropriate box in response to each question below.

1. Has the ownership of the property changed since Jan. 1 of last year or since the last application was submitted? Yes No

If yes, the new owner must complete all applicable questions and, if the land is used to manage wildlife, sections 5 and 6 must be completed.

2. Last year, was 1-d-1 appraisal allowed on this property by the chief appraiser of this appraisal district? Yes No

If no, all applicable questions must be completed and, if the land is used to manage wildlife, sections 5 and 6 must be completed.

If yes, complete only those parts of sections 5 and 6 that have changed since the earlier application or any information in sections 5 and 6 requested by the chief appraiser.

3. Is this property located within the corporate limits of a city or town? Yes No

SECTION 5: Property Use

Agricultural use includes, but is not limited to, the following activities: (1) cultivating the soil; (2) producing crops for human food, animal feed, or planting seed or for the production of fibers; (3) floriculture, viticulture and horticulture; (4) raising or keeping livestock; (5) raising or keeping exotic animals or fowl for the production of human food or fiber, leather, pelts or other tangible products having a commercial value; (6) planting cover crops or leaving land idle for the purpose of participating in a governmental program provided the land is not used for residential purposes or a purpose inconsistent with agricultural use or leaving the land idle in conjunction with normal crop or livestock rotation procedures; (7) producing or harvesting logs and posts used for construction or repair of fences, pens, barns or other agricultural improvements on adjacent open-space land having the same owner and devoted to a different agricultural use; (8) wildlife management; and (9) beekeeping.

Wildlife management is defined as actively using land that at the time the wildlife-management use began, was appraised as qualified open-space or timberland under Tax Code, Chapter 23, Subchapter D or E, to propagate a sustaining breeding, migrating or wintering population of indigenous wild animals for human use, including food, medicine or recreation, in at least three of the following ways: (1) habitat control; (2) erosion control; (3) predator control; (4) providing supplemental supplies of water; (5) providing supplement supplies of food; (6) providing shelters; and (7) making census counts to determine population.

Wildlife management is defined as actively using land to protect federally listed endangered species under a federal permit if the land is included in a habitat preserve subject to a conservation easement created under Natural Resources Code Chapter 183 or part of a conservation development under a federally approved habitat conservation plan restricting the use of the land to protect federally listed endangered species or actively using land for a conservation or restoration project under certain federal and state statutes. These two types of wildlife management uses do not require showing a history of agricultural use but do require evidence identified in section 6, questions 7 and 8.

Agricultural land use categories include: (1) irrigated cropland; (2) dry cropland; (3) improved pastureland; (4) native pastureland; (5) orchard; (6) wasteland; (7) timber production; (8) wildlife management; and (9) other categories of land that are typical in the area.

Provide complete answers to the following questions. List the agricultural use of the property according to the agricultural land categories listed in the preceding paragraph. Divide the total acreage according to individual uses to which the land is principally devoted.

1. Describe the current and past agricultural uses of this property as described above, starting with the current year and working back 5 years or until 5 out of 7 years of agricultural use is shown. Five years of continuous agricultural use may be required if the land is located within the corporate limits of a city or town.

Year	Agricultural Use Category of Land (list all that apply)	Acres Principally Devoted to Agricultural Use
Current		
1		
2		
3		
4		
5		
6		
7		

2. (a) List the livestock, exotic animals or exotic fowl raised or the type of wildlife managed on the property and the number of acres used for each activity. Attach a list if the space is not sufficient.

Livestock, Exotic or Wildlife	Number of Acres

(b) How many head of livestock or exotic animals are raised on the property (average per year)?

Livestock or Exotics	Number of Head

3. List the crops grown (including ornamental plants, flowers or grapevines) and the number of acres devoted to each crop. Attach a list if the space is not sufficient.

Type of Crop	Number of Acres

4. List participation in any government programs for planting cover crops or land lying idle and the number of acres devoted to each program. Attach a list if the space is not sufficient.

Program Name	Number of Acres

5. If the property is now used for any nonagricultural activities, list all nonagricultural uses and the number of acres devoted to each use. Attach a list if the space is not sufficient.

Nonagricultural Use	Number of Acres

SECTION 6: Wildlife Management Use

Complete this section only if the land is used for wildlife management. If the land is not used for wildlife management, do not complete this section.

1. If the land is used to manage wildlife, list at least three of the wildlife management practices being used (listed and described in section 5).

- A. _____
- B. _____
- C. _____

2. Indicate the property's agricultural land use category (described in section 5) for the tax year preceding the land's conversion to wildlife management use. For example, if the land was categorized as native pasture before conversion to wildlife management, native pasture would be the response to this request as it is the category of use prior to conversion.

3. Attach the wildlife management plan for the property using the appropriate Texas Parks and Wildlife Department form (obtained at www.tpwd.texas.gov/landwater/land/private/agricultural_land/).

4. Was the land subject to wildlife management a part of a larger tract of land qualified for 1-d-1 or timberland appraisal on Jan. 1 of the previous year? Yes No

5. Is any part of the land subject to wildlife management managed through a wildlife management property association? Yes No
If yes, attach a written agreement obligating the owners in the association to perform wildlife management practices necessary to qualify wildlife management land for 1-d-1 appraisal.

6. Is any part of the land located in an area designated by Texas Parks and Wildlife Department as a habitat for an endangered species, a threatened species or a candidate species for listing by as threatened or endangered? Yes No

7. (a) Is the land that is the subject of this application subject to a permit issued under Federal Endangered Species Act Section 7 or 10(a)? Yes No

(b) If yes, is the land included in a habitat preserve and subject to a conservation easement created under Texas Natural Resources Code Chapter 183 or part of a conservation development under a federally approved habitat conservation plan? Yes No

If yes to questions 7(a) and (b), provide evidence of the permit and of the conservation easement or habitat conservation plan. Your application cannot be approved without this evidence.

8. Is the land that is the subject of this application actively used for a conservation or restoration project providing compensation for natural resources damage under one or more of the following laws:

Comprehensive Environmental Response, Compensation, and Liability Act (42 U.S.C. Section 9601 et seq.) Yes No

Oil Pollution Act (33 U.S.C. Section 2701 et seq.) Yes No

Federal Water Pollution Control Act (33 U.S.C. Section 1251 et seq.) Yes No

Texas Natural Resources Code Chapter 40 Yes No

If yes to any of the above, provide evidence of the conservation easement, deed restriction or settlement agreement with the Texas Commission on Environmental Quality. Applications without this evidence cannot be approved.

SECTION 7: Conversion to Timber Production

1. Was the land subject to this application converted to timber production after Sept. 1, 1997? Yes No

If yes, on what date was it converted to timber production? _____

2. Does the property owner wish to have the land subject to this application continue to be appraised as 1-d-1 land? Yes No

If yes, complete section 5, question 1, and all other questions in that section that describe the previous agricultural use of this land.

SECTION 8: Certification and Signature

NOTICE REGARDING PENALTIES FOR MAKING OR FILING AN APPLICATION CONTAINING A FALSE STATEMENT: If you make a false statement on this form, you could be found guilty of a Class A misdemeanor or a state jail felony under Penal Code Section 37.10.

I, _____, swear or affirm the following:
Printed Name of Property Owner or Authorized Representative

- 1. that each fact contained in this application is true and correct;
- 2. that the property described in this application meets the qualifications under Texas law for the special appraisal claimed; and
- 3. that I have read and understand the *Notice Regarding Penalties for Making or Filing an Application Containing a False Statement*.

**sign

Signature of Property Owner or Authorized Representative

Date

* If the property owner is a company or other legal entity (not an individual), the Federal Tax I.D. Number is to be provided. Disclosure of your social security number (SSN) may be required and is authorized by law for the purpose of tax administration and identification of any individual affected by applicable law. Authority: 42 U.S.C. § 405(c)(2)(C)(i); Tax Code Section 11.43(f). Except as authorized by Tax Code Section 11.48(b), a driver's license number, personal identification certificate number, or social security number provided in this application for an exemption filed with your county appraisal district is confidential and not open to public inspection under Tax Code Section 11.48(a).

** An email address of a member of the public could be confidential under Government Code Section 552.137; however, by including the email address on this form, you are affirmatively consenting to its release under the Public Information Act.

1-D-1 Open Space Agricultural Valuation Wildlife Management Plan for the Year(s) _____

Submit this plan to your County Chief Appraiser, not to Texas Parks and Wildlife Department

Part I. Owner Information

Account Number: _____

Owner's Name: _____

Current mailing address: _____

City, town, post office, state and zip code: _____

Phone number: _____

Tract Name: _____ Majority County: _____

Additional Counties (if any): _____

Part II. Property Description

Legal Description of Property: _____

Location of Property (distance and direction from nearest town; specify highway/road numbers):

Is Acreage under high fence: Yes No Partial: (Describe) _____

Total Acreage: _____ Ecoregion _____
(refer to Comprehensive Wildlife Management Planning Guidelines)

Habitat Types and Amounts of Acres:

Cropland _____ Bottomland/Riparian _____ wetlands _____
Native

Non-native Pasture _____ Pasture/Grassland _____ timberlands _____

Native Range/Brush _____ Other (describe) _____

III. Species targeted for management. (List all that apply. Attach additional page(s) if needed)

Deer turkey quail songbirds waterfowl doves bats

Neotropical songbirds (List) _____

Reptiles (list) _____ Amphibians (list) _____

Small mammals (list) _____ Insects (list) _____

Identified species of concern (List) _____

Other (List) _____

Part IV. Management Plan Goals and Objectives

Describe the wildlife management **goals** (what you want the property to look like, or want to be able to do with it) and **objectives** (how you intend to achieve these goals) for this piece of property. You may use an additional page if needed. (Note: This space will expand as you type.)

Part V. Qualifying Wildlife Management Activities

Check the wildlife management practices to be implemented on the property during the coming year that will support and achieve your management goals. A minimum of three practices is required.

<input type="checkbox"/> Habitat control	<input type="checkbox"/> Provide supplemental supplies of water
<input type="checkbox"/> Erosion control	<input type="checkbox"/> Provide supplemental supplies of food
<input type="checkbox"/> Predator control	<input type="checkbox"/> Provide shelters
<input type="checkbox"/> Making census counts to determine population.	

Part VI. White tail Deer and Mule Deer Population Management

Is hunting to be a part of this wildlife management plan? Yes No
If YES, type of hunting: Lease hunting Family/guests only Both

List deer harvest for past three seasons:

Year: _____	Bucks: _____	Does: _____
Year: _____	Bucks: _____	Does: _____
Year: _____	Bucks: _____	Does: _____

Population Management Goals:

Target Density for Pre-season Deer Population (fall density) _____

Target Sex Ratio (does/buck): _____

Target Production (fawns/doe): _____

Other (may be age, weight, antler measurements, browse conditions, etc.) _____

Deer Harvest Strategy (numbers, types of deer to be harvested to achieve goals): _____

Part VII. Wildlife Management Association Membership

Are you a member of a wildlife management association (co-op)? Yes No
Are you a member of a wildlife property association? Yes No
Name of wildlife property co-op/association, if YES is checked. _____

Part VIII. Wildlife Management Activities

Check the activities you intend to implement during the year to support each of the wildlife management activities listed in Part V.

<p>1. HABITAT CONTROL</p> <p><input type="checkbox"/> <i>Grazing management.</i> Check grazing system being utilized.</p> <p><input type="checkbox"/> 1 herd/3pasture <input type="checkbox"/> 1 herd/4 pasture <input type="checkbox"/> 1 herd/multiple pasture</p> <p><input type="checkbox"/> High intensity/low frequency (HILF) <input type="checkbox"/> Short duration system</p> <p><input type="checkbox"/> Other type of grazing system (describe) _____</p> <p>_____</p> <p><i>Additional Information:</i> _____</p>
<p><input type="checkbox"/> <i>Prescribed Burning</i></p> <p>Acres to be burned: _____ Planned burn date: _____</p> <p><i>Additional Information:</i> _____</p>

<p><input type="checkbox"/> <i>Brush Management.</i> Acres to be treated: _____ Check method of brush management:</p> <p><input type="checkbox"/> Mechanical</p> <p><input type="checkbox"/> grubber <input type="checkbox"/> chain <input type="checkbox"/> roller chopper/aerator <input type="checkbox"/> rhome disc</p> <p><input type="checkbox"/> brush hog (shredder) <input type="checkbox"/> dozer <input type="checkbox"/> hand-cutting (chainsaw)</p> <p><input type="checkbox"/> hydraulic shears <input type="checkbox"/> other (describe): _____</p> <p><input type="checkbox"/> Chemical Kind: _____ Rate: _____</p> <p><input type="checkbox"/> Brush management design:</p> <p><input type="checkbox"/> block <input type="checkbox"/> mosaic <input type="checkbox"/> strips: width: _____ Length: _____</p> <p><i>Additional Information:</i> _____</p>
<p><input type="checkbox"/> <i>Fence Modification</i></p> <p>Target species: <input type="checkbox"/> pronghorn antelope <input type="checkbox"/> bighorn sheep</p> <p>Technique: <input type="checkbox"/> fold up bottom of net-wire Gap width: _____</p> <p><input type="checkbox"/> replace sections of net-wire with barbed wire. Gap width: _____</p> <p> Miles of fencing that will be modified: _____</p> <p><input type="checkbox"/> replace entire net-wire fence with barbed wire. Miles replaced: _____</p> <p><i>Additional Information:</i> _____</p>

Riparian management and enhancement

Fencing of riparian area

Complete fencing Partial fencing

Deferment from livestock grazing

Complete deferment partial deferment Season deferred : _____

Establish vegetation

Trees (list species) _____

Shrubs (list species) _____

Herbaceous species (list) _____

Additional Information: _____

Wetland enhancement

Provide seasonal water Provide permanent water Moist soil management

Other (describe) _____

Additional Information: _____

Habitat Protection for species of concern

Fencing Firebreaks Prescribed burning Control of nest parasites

Habitat manipulation (thinning, etc.) Native/exotic ungulate control

Other (describe) _____

Additional Information: _____

Prescribed Control of Native, Exotic and Feral Species

Prescribed control of vegetation Prescribed control of animal species

Species being controlled: _____

Method of control: _____

Additional Information: _____

Wildlife Restoration

Habitat restoration

Wildlife restoration

Target species: _____

Method of restoration: _____

Additional Information: _____

2. EROSION CONTROL

Pond construction and repair

Surface area (acres): _____ Number of cubic yards of soil displaced: _____

Length of dam (feet): _____ Planned date of construction: _____

Additional Information: _____

Gully shaping

Total acres to be treated: _____ Acres treated annually: _____

Seeding mix used for reestablishment of vegetation: _____

Planned date of construction: _____

Additional Information: _____

Streamside, pond, and wetland revegetation. Techniques used:

Native hay bales Fencing Filter strips Seeding upland buffer

Rip-rap, etc. stream crossings Other: _____

Planned date of construction: _____

Additional Information: _____

Herbaceous and/or woody plant establishment on critical areas (erodible)

Establish windbreak Establish shrub mottes Improve plant diversity

Improve wildlife habitat Conservation/no-till practices Manage CRP cover

Additional Information: _____

Dike/Levee Construction/Management

Reshaping/repairing erosion damage Revegetating/stabilize levee areas

Install water control structure Fencing

Additional Information: _____

Establish water diversion

Type: Channel Ridge

Slope: level graded Length (feet) _____

Vegetated: No Yes

If Yes: Native: _____ Crop: _____

Additional Information: _____

3. PREDATOR CONTROL

Imported red fire ants (verify prior to application that product is labeled for pasture use)

Control of cowbirds Grackle/starling/house sparrow control

Method of control: Trapping Shooting Baiting Scare tactics _____

Coyotes Feral hogs Raccoon Skunk Bobcat Mountain lion

Rat snakes Feral cats/dogs

Method of control: Trapping Shooting M-44 (licensed applicators)

Poison collars (1080 certified, licensed, applicator) Other _____

Additional Information: _____

4. SUPPLEMENTAL WATER

Marsh/Wetland Restoration or Development

Greentree reservoirs Shallow roost pond development Seasonally flooded crops

Artificially created wetlands Marsh restoration/development/protection

Prairie pothole restoration/development/protection Moist soil management units

Planned date of construction: _____

Additional Information: _____

Well/trough/windmill overflow/other wildlife watering facilities

Drill new well Depth: _____ Gallons per minute: _____

Windmill Pump Pipeline: Size: _____ Length: _____

Modification(s) of existing water source

Fencing Overflow Trough modification Pipeline

Distance between water sources (waterers): _____

Type of wildlife watering facility:

PVC pipe facility # _____ Drum with faucet or float # _____

Small game guzzler # _____ Windmill supply pipe dripper # _____

Plastic container # _____ In-ground bowl trough # _____

Big game guzzler # _____ Inverted umbrella guzzler # _____

Flying saucer guzzler # _____ Ranch Specialties guzzler # _____

Other: _____

Additional Information: _____

Spring development and/or enhancement

Fencing Water diversion/pipeline Brush removal Spring clean out

Other: _____

Additional Information: _____

5. PROVIDING SUPPLEMENTAL FOOD

Grazing management Prescribed burning Range enhancement

Food plots Size: _____ Fenced: Yes No

Irrigated: Yes No

Plantings: Cool season annual crops: _____

Warm season annual crops: _____

Annual mix of native plants: _____

Perennial mix of native plants: _____

Additional Information: _____

Feeders and mineral supplementation

Purpose: Supplementation Harvesting of wildlife

Targeted wildlife species: _____

Feed type: _____ Mineral type: _____

Feeder type: _____ Number of feeders: _____

Method of mineral dispensing: _____

Number of mineral locations: _____

Year round: Yes No If not, state when: _____

Additional Information: _____

Managing tame pasture, old fields and croplands

Overseeding cool and/or warm season legumes and/or small grains

Periodic disturbance (Discing/Mowing/Shredding) Conservation/no-till

Additional Information: _____

Transition management of tame grass monocultures

Overseed 25% of tame grass pastures with locally adapted legumes

Species planted: Clover Peas Vetch Other: _____

Additional Information: _____

6. PROVIDING SUPPLEMENTAL SHELTER

Nest boxes Target Species: _____

Cavity type. # _____ Bat boxes. # _____ Raptor pole. # _____

Additional Information: _____

Brush piles and slash retention

Type: Slash Brush piles Number per acre: _____

Additional Information: _____

Fence line management Length: _____ Initial establishment: Yes No

Plant type established: Trees Shrubs Forbs Grasses

Additional Information: _____

Hay meadow, pasture and cropland management for wildlife Acres treated: _____

Shelter establishment: Roadside management Terrace/wind breaks Field borders

Shelterbelts Conservation Reserve Program lands management

Type of vegetation: Annual Perennial

Species and percent of mixture _____

Deferred mowing Period of deferment: _____

Mowing Acres mowed annually: _____

No till/minimum till

Additional Information: _____

Half-cutting trees or shrubs

Acreage to be treated annually: _____ Number of half-cuts annually: _____

Additional Information: _____

Woody plant/shrub establishment

Pattern: Block Mosaic Strips: Width: _____

Acreage or length established annually: _____ Spacing: _____

Shrub/tree species used: _____

Additional Information: _____

Natural cavity/snag development

Species of snag: _____ Size of snags: _____ Number/acre: _____

Additional Information: _____

7. CENSUS

Spotlight counts Targeted species: _____
Length of route: _____ Visibility of route: _____
Dates (3 required) A. _____ B. _____ C. _____
Additional Information: _____

Standardized incidental observations Targeted species: _____
Observations from: Feeders Food plots Blinds Vehicle Other _____
Dates: _____
Additional Information: _____

Stand counts of deer (5 one hour counts per stand required). Number of stands: _____
Dates: _____
Additional Information: _____

Aerial Counts Species counted: _____
Type of survey: Helicopter Fixed-wing
Percent of area surveyed: Total 50% Other: _____
Additional Information: _____

Track counts: Predators Furbearers Deer Other: _____
Additional Information: _____

Daylight deer herd/wildlife composition counts
Species: Deer Turkey Dove Quail Other _____
Additional Information: _____

Harvest data collection/record keeping: Deer Game birds
 Age Weight Sex Antler data Harvest date
Additional Information: _____

Browse utilization surveys (thirty 12-foot circular plots required)
Additional Information: _____

Census of endangered, threatened, or protected wildlife. Species: _____
Method and dates: _____
Additional Information: _____

Census and monitoring of nongame wildlife species. Species: _____
 Method and dates: _____
 Additional Information: _____

Miscellaneous Counts: Species being counted: _____

Remote detection (i.e., cameras) Hahn (walking) line Roost counts

Booming ground counts Time/area counts Songbird transects and counts

Quail call and covey counts Point counts Small mammal traps

Drift fences and pitfall traps Bat departures Dove call counts

Chachalaca counts Turkey hen/poultry counts Waterfowl/water bird counts

Alligator nest/census counts Other: _____

Additional Information: _____

IX. Additional Supporting Information. (Optional)

Attach any other supporting information, such as maps or photographs that you believe to be relevant to this wildlife management plan.

I certify that the above information provided by me in this application is to the best of my knowledge and belief, true and complete.
